**Subject:**

Change ink printing to Laser marking for Power Edge Card date code

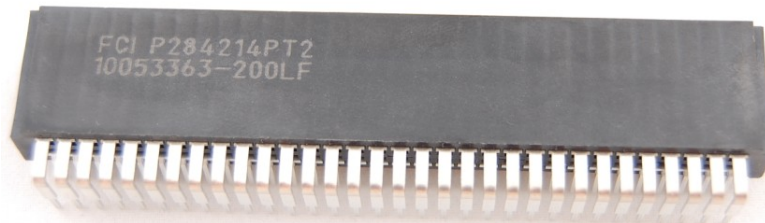

**Nature of Change:**

Laser marking is an excellent way to permanently mark on product, in order to avoid any risk of the ink printing date code being blurred or dissolved by cleaning impregnant during customer's assembly process. FCI plan to change ink printing to Laser marking date code. The date code content would be no change.

**Ink Printing**

**Laser Marking**

**Implementation Date:**

Jan.01, 2009, will phase in if no rejection for this change from customer.

**Affected Part Numbers:**

See attached list

**Action Required:**

Sales team to inform customers this PCN.
