ADVANCED PRODUCT CHANGE NOTIFICATION

TYPE OF CHANGE: Design Manufacturing Other

This is a preliminary notification provided in accordance with Power Integrations policy of major change notification. If you have any questions or need further assistance, please contact your regional Power Integrations sales office. A final notification will be provided per schedule indicated below.

DESCRIPTION OF CHANGE

1. Nantong-Fujitsu Micro Electronics (NFME), located in Nantong, China will be added for the packaging and assembly of all products in TO-220-3 (Y), TO-220-7B (Y), TO-220-7C (Y), TO-263-7C (R), and TO-262-7C (F) packages for the products listed in Table 1 below. NFME is a qualified assembly site for other products in TO-220 and TO-263 packages with excellent quality records.
2. A halogen-free molding compound will added for manufacturing products in the packages described above at NFME. This is different from the currently used molding compound that is not halogen free.

REASON FOR CHANGE

Addition of a previously qualified assembly site and a halogen-free molding compound to improve manufacturing flexibility and diversification of manufacturing sites and raw material source.
