Reason for Change (s): In an effort to continually improve our product, Bel is pleased to announce a change to the mechanical outline drawing of the aforementioned products. We will be adding a standoff to the plastic case, designed to reduce the chance of wire damage. This change will not affect “form, fit, or function”, nor does it affect any electrical parameters or dimensions beyond what is highlighted in the accompanying document. No additional changes are being implemented at this time.

Description of the Change (s): See attached document showing current and future outline drawings.

Planned Timing and Implementation of Change: This change will begin to be implemented on all shipments starting as early as July1, 2016.

Impact on Quality and Reliability: Less chance of damage to magnet wire.

Availability of Qualification Data: None.

Remarks: None.

Signature:

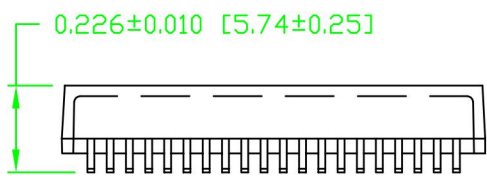

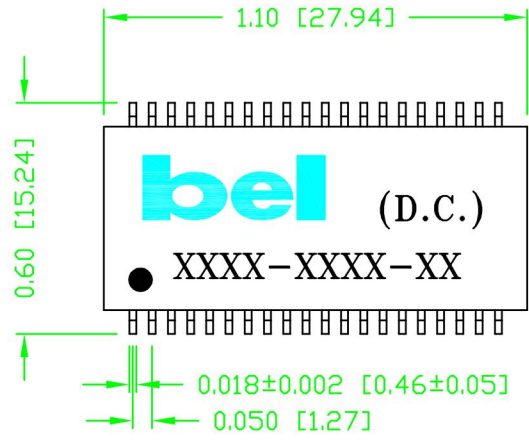

A handwritten signature in cursive script, appearing to read "Joseph H. Berry". The signature is written in black ink on a white background.
